

# Product Specifications

## FlashLink BLE Logger

|                               |   |
|-------------------------------|---|
| <b>Measurement Range</b>      | -22°F to 140°F (-30°C to 60°C)                                      |
| <b>Accuracy</b>               | +/-0.5C from -10°C to 60°C, +/-0.85C other                          |
| <b>Temperature Resolution</b> | 0.1°C/°F  |
| <b>Data Capacity</b>          | 60,000 data points  |
| <b>Logging Interval</b>       | 5 minutes   |
| <b>Start mode</b>             | Manual  |
| <b>Transmission Range</b>     | 2 seconds interval/ ~100ft (30.5m) at sight                         |
| <b>Shelf Life</b>             | 2 year  |
| <b>Battery</b>                | 3.0v lithium battery  |
| <b>Dimensions/Body</b>        | 1.38 in x 0.43 in (35 mm x 11mm)                                    |
| <b>Casing</b>                 | ABS plastic   |
| <b>IP Rating</b>              | IP66 with plastic bag   |
| <b>Weight</b>                 | 0.64 oz. (18 grams) with battery                                    |
| <b>LED</b>                    | Green and Red   |
| <b>Certification</b>          | CE Mark, FCC, Calibration traceable to NIST                         |
| <b>System Requirements</b>    | Requires BLE Gateway model 40993 to read and save data to the cloud |
| <b>Bluetooth Connection</b>   | Bluetooth 4.0/5.0   |
| <b>On-Line Tracing</b>        | Customized Web Portal   |

- Equipped with global 4G network compatibility, Location-Based Services (LBS), and precision accuracy through Wi-Fi triangulation positioning for reliable real-time monitoring.
- Monitors location, temperature, humidity, light, and shock
- Proactively manage shipment location and conditions to reduce the risk of product loss due temperature excursions
- FlashTrak Cloud Service platform offers different levels of access to optimize user experience and API integration into customer systems. FlashTrak receiver program allows shippers to customize access to alerts and shipment conditions
- Light sensors detect and alert to unauthorized access, helping reduce security risks and prevent product theft during transportation

DeltaTrak manufactures and operates under an ISO 9001:2015 registered quality management system
